Here at Dunstable Icknield we are constantly striving to make information easier for our parents to access and engage with. We are proud to use innovations in technology to enable this.

We are pleased to advise that we have a new parent portal available to all parents with students in our school. This portal gives you access to many wonderful features, all available through your mobile phone.

The Arbor app can be downloaded through the Google play store/apple store and is completely free. We will send you an email with details on how to log in.

How will parents benefit?

- **Check on your child from anywhere**: With the Arbor App, you can check in on your children from anywhere – all you need is a phone
- **Access important information about your child in one place**: See your child's attendance and contact information. Download report cards for your child
- **Get updates from school via push notifications**: Get notified when your school sends out a new message via the App
- **Make payments on the go**: Manage tasks like making payments and booking educational visits/activities or parents' evenings

Not all features are currently available (Parents evening booking and reports). We will be rolling out these features over time and will let parents know when a new feature becomes live.
